SKILLS SUMMARY

- **Languages**: Java, Python, C++, C, SQL, HTML5, CSS3
- **Web Technologies**: HTML, CSS, Bootstrap, Tailwind
- **Tools/Platforms**: React.js, Angular, Node.js, Oracle DB, Docker
- **Soft Skills**: Leadership, Problem-Solving, Communication, Critical Thinking, Adaptability

PROJECTS

Homework Submission and Grading System | Full-Stack Web Application | Web — Nov 2025 - Dec 2025

- Built a Homework Submission and Grading System using React.js and Node.js to streamline digital assignment Management, reducing manual effort and improving workflow efficiency
- Implemented role-based dashboards for students and teachers with secure submission, grading, feedback workflows and progress tracking with proper access control
- Designed RESTful APIs and backend logic to handle assignments, submissions, and grading efficiently

Vaccine Management System | Frontend Project | Web — Feb 2025 – Mar 2025

- Developed a vaccine management system enabling user registration, login, and seamless appointment scheduling through an interactive interface
- Created a full-stack application using HTML, CSS, JavaScript, PHP, and MySQL to handle data management and real-time validation
- Generated key features such as admin dashboard, vaccination records, and appointment tracking to improve system efficiency

TRAININGS

C Programming Language| Summer Training |CSE Path Shala | CERTIFICATE — Jun 2025- Jul 2025

- Completed an intensive Summer Training program focused on core C programming concepts, including loops, functions, arrays, pointers, and structures
- Gained hands-on experience in writing, compiling, debugging, and optimizing C programs through practical labs and real-time coding tasks
- Demonstrated proficiency by successfully completing all assessments and a final project, earning a Certificate of Achievement

CERTIFICATE

Social Networks | NPTEL | CERTIFICATE — Nov 2025

- Mastered fundamental and advanced concepts of social network analysis, including graph theory, community detection, network centrality, and diffusion models
- Analyzed real-world network structures to understand connectivity patterns, influence propagation, recommendation mechanisms, and small-world/scale-free models
- Gained practical experience applying analytical techniques to evaluate online platforms, enabling deeper insights into user behavior, information spread, and network dynamic

CERTIFICATIONS

- Master Generative AI & Generative AI Tools (Chat GPT & more) | Infosys Springboard — Jul 2025
- Cyber Sec Symposium 2.0 | Cyber Security Conference — Feb 2024

ACHIEVEMENTS

- Achieved a Top 10% Global Ranking" on TryHackMe, showcasing elite practical skills in vulnerability assessment — Sep 2024
- Solved 100+ DSA problems across platforms like LeetCode and GeeksforGeeks, strengthening problem-solving and algorithmic thinking skills — Jul 2024

EDUCATION

Lovely Professional University — Punjab, India
Bachelor of Technology - Computer Science and Engineering — Since Aug 2023
CGPA – 7.8

Intermediate – Kendriya Vidyalaya — Jul 2022
Result – 84.6%

Matriculate – Kendriya Vidyalaya — Jul 2020
Result – 95.2%
